

Join us for the 2016 DairySA Ladies Lunch!

The current dairy industry downturn presents many challenges for dairy businesses, but it's important that when times are tough you look after yourself and those around you.

The 2016 DairySA Ladies Lunch is the perfect opportunity to catch up with your dairy community friends and colleagues, to share ideas, support and respite.

This year DairySA is hosting two lunches for dairy communities across SA, both in beautiful settings and including a delicious lunch and a drink.

Our inspirational guest speakers will provide insights into personal wellbeing, work-life balance and tackling life's challenges.

So grab your friends and register for a day out with the ladies!
