

Farmer workshop: Understanding the Grain Futures Market

High on the list for any farmer buying and sourcing grain for their dairy

When: Wednesday 25 November 2015, 10.30am – 2.30pm
lunch provided by DairySA

Venue: Murray Bridge Natural Resources Centre Board Room
110A Mannum Road, Murray Bridge

Speaker: Linda Eldredge

Linda is an agribusiness manager and Clare Valley farm owner, consultant and Nuffield scholar with particular expertise in grain futures markets. In her farming and consulting businesses she develops practical solutions for analytical decision-making and recording for the modern-day agribusiness manager. Linda is known for her innovative and entertaining lecturing style and ability to connect workshop participants with practical learning.

Topics:

- How to identify and pick industry trends
- Daily one-minute practices to keep abreast of industry trends
- The role apps and the cloud have in making business decisions
- Using physical grain contracts in synergy with swaps
- Practical case study to demonstrate price risk management recording and analytics

RSVP essential: by 22 November to Nerida Ewart: NEwart@dairyaustralia.com.au or 0409 825 938

This workshop has been brought to you by DairySA supported by Natural Resources SAMDB Connecting Communities Grant.
